

A path leading from the agency to a bright future

The sun, representing a bright future, is made up of seven rays for each of the primary services offered by the agency

education services

ancillary services

adult services

community employment

service & support administration

transportation

administration

each ray is a separate element yet they are linked together to represent a unified approach to service delivery

## Colors Choices

Yellow was used because it is associated with joy, happiness, intellect, and energy. It produces a warming effect, arouses cheerfulness, stimulates mental activity, and generates muscle energy. Bright, pure yellow draws attention.

Blue was chosen because it is associated with depth and stability. It symbolizes trust, loyalty, wisdom, confidence, intelligence, faith, and truth. Dark blue, specifically, is associated with depth, expertise, and stability; it is a preferred color for corporate America. Blue was also chosen for this design, as it is the color used in the current logo.
