

Open Parent Education Network (OPEN-Bees)

Exceptional children include those with giftedness, dyslexia, other learning disabilities or a comorbidity. Families of exceptional children often find it challenging to navigate through school and extracurricular activities. OPEN-Bees offers support, information and a positive teamwork approach.

Please join us as Dr. Nadine Gabb broadcasts a LIVE webcast from Boston Children's Hospital:

**Note
Special
Time!**

**Wednesday, December 11, 2019
3:00pm - 4:30pm
The Medina County District Library
210 South Broadway St.
Medina, OH 44256**

At this presentation Dr. Gaab will discuss:

- Typical and atypical reading development and its neurobiology
- The 'Dyslexia Paradox'
- Early screening for reading disabilities: Why, When, Whom, How
- Evidence-based response to screening.

Dr. Gaab is an Associate Professor of Pediatrics at Boston Children's Hospital Boston/Harvard Medical School and a member of the faculty at the Harvard Graduate School of Education. Her research within the Laboratories of Cognitive Neuroscience focuses on the development of typical and atypical language and literacy skills in the pediatric brain. She has been recognized by the International Dyslexia Association in her receipt of the Alice H. Garside Award for outstanding leadership in advancing the science and advocacy of dyslexia. She is a scientific advisory board member of The Dyslexia Foundation and Landmark School and a founder of the New England research on Dyslexia Society (NERDY).

For more information, find us under Facebook Groups (OPEN-Bees) or contact Christy Matthey at (330) 705-5891.
