1065 Medina Road, Suite 300
Medina, Ohio 44256

The Boundless family of nonprofit companies originally started as Franklin County Residential Services in 1980. Franklin County Residential Services was created after a study pointed to gaps in care available to people in Central Ohio with intellectual and developmental disabilities (I/DD). As Boundless has expanded to provide services for everyone with complex needs, the same fundamental consideration has driven our growth: there is a gap in care and we believe we can help.

Boundless offers services in nearly sixty Ohio counties and maintains offices in Worthington, Newark, Rossford, Mineral Ridge, Medina, and West Carrollton. Specific service and program availability vary from county to county, but many of our services are available statewide, either in-person or through telehealth.

Our list of services and programs includes applied behavioral analysis (ABA) services, adult day services, care coordination, day and after-school programs, diagnostic assessments, intermediate care facilities, multi-system youth programs, respite services, a unique parent-directed program, speech and language therapy, psychiatry, supported living, telehealth, and vocational habilitation and employment services.

We accept IO, Level 1, Self-Waivers, and some private insurance.

We have 2,000+ staff that employed at Boundless.

Currently, we serve 4,000+ individuals, and yes - we are accepting new individuals!
