Your Success Coach can confidentially help you with:

- counseling for personal, marriage, and family situations
- life skills like budgeting, completing your GED
- public assistance and how to apply and navigate systems
- financial stability through credit counseling, 401K, college and other savings plans
- work issues such as attendance barriers and conflict resolution
- housing resources for rentals or affordable home buying
- transportation needs such as using public transit, repairs, and car purchases
- treatments and support for drugs and alcohol dependency

The Medina County Employment Support Network helps employees find services and programs that help support their personal struggles so they are able to continue working.
