Kevin is a “take charge” kind of guy who loves creating podcasts for many to enjoy.

“I started doing the podcast when I went to SandiCare and I continued doing it at AC Passage, too. I want the whole world to hear. I think it’s really good for the world to see how a podcast is done.”

Amber, from AC Passage Enterprises LLC, stated that Kevin is an amazingly talented young man who has earned many leadership roles at the day center. He is their karaoke and We Thrive Together administrator, as well as their No Rulz Dance Party coordinator. Kevin is also a huge assist with everything technology related.
