Agency Overview

AC Passage Enterprises, LLC opened in Wadsworth in 2018 with an initial goal of providing non-medical transportation services due to the high need for transportation in Medina County. Following the opening, and after many requests from guardians, the AC Passage Day Center was created. The Day Center provides a happy, positive place where individuals with developmental disabilities can come to work on their daily living skills, build friendships, get out in the community, exercise and have fun.

AC Passage's team of eleven employees serves approximately 35 people throughout Medina County, and provides adult day support, vocational habilitation, and non-medical transportation services for I/O, Self, Level One, and Local waivers.

Are you interested in their services? Good news! AC Passage is currently accepting new individuals.

Agency Wish List

We would appreciate any audio/video technology equipment, cleaning supplies, and art supplies.

Mission Statement

By treating everyone we serve with compassion, dignity and respect and supporting diversity and independency, our goal is to provide adult day support and vocational habilitation with focus on daily living skills and social interaction, along with community inclusion, in addition to focusing on competitive community employment for individuals attending our program to develop the skills necessary to prepare for competitive employment. We thrive to achieve the maximum potential of all individuals' goals by acting with integrity and striving for the highest quality care and service. Our drivers lend a helping hand while serving those who simply need a ride. We provide safe, reliable driving, and compassionate care. We've carefully built our team with passionate individuals who take great pride in delivering exceptional service.
