[tbicollab@gmail.com](mailto:tbicollab@gmail.com) or by phone by calling  
Gina at 330.590.3875

Help us inspire others who are just beginning their brain injury recovery. You are invited to participate in a creative arts project that will illustrate how you have risen above your injury to live a happy, healthy and meaningful life. Photos of the project will be taken and then used to create posters that will be displayed at the area rehabilitation hospitals. We would like to include survivors and caregivers in this project to help share their stories with others.

***Attendance is free but you must register by March 15, 2023.***
