**How long have you worked as a Direct Support Professional?** I have been a Direct Support Professional for 6 years with Transitional Living Centers!

**How did you start in the field?** Growing up, my grandma and mother worked at Transitional Living Centers. When I graduated, I started there as well.

**Has there ever been anyone that has stood out to you as a mentor in this field?** My grandma. She loved being a Direct Support Professional and I watched her and the way she was with the clients!

**What is your favorite thing to do with the people you serve?** I love taking the time to do their hair and help them get dressed up!

**What is your favorite part of being a Direct Support Professional?** My favorite part is giving them the care they deserve and making them smile.

**What makes Kaylie a great DSP?:** Kaylie goes above and beyond for the people she cares for. She is amazing with all of the clients at Transitional Living Centers; she learns everything there is to know about each of them. Kaylie adapts to change, so if she has to go to another house, she will be able to give the same exceptional care to anyone. She is the best trainer and takes her time to show you the proper way to do things. She is just all around an amazing person and DSP!

**Thank you for your outstanding contributions to helping people with developmental disabilities and their families in Medina County. Thank you for sharing your dedication and commitment to making a difference in the lives of others every single day.**
