Jeannette Mytyk

What do you like to do in your free time? I like to stay active in my community. I exercise at the recreation center, attend church, and participate in many activities at St Ambrose in Brunswick. I also love to spend time with my family and friends out in nature or trying new restaurants in the area.

How long have you worked as a Direct Support Professional? I have worked in this field since 2009.

How did you start in the field? I started in the medical field caring for my mother when she was diagnosed with a brain tumor and went through surgeries and treatments. I am thankful I was able to be there for her like she was always there for me.

Has there ever been anyone that has stood out to you as a mentor in this field? My mother was my mentor. She showed me how to look past the disability and find the soul and try to connect with a smile, laugh, or kind word. I try to carry this on and share it with the individuals I serve.

What is your favorite thing to do with the people you serve? I enjoy getting to know them and helping them find joy in their daily activities.

What makes Jeannette a great DSP?: Jeannette is an exceptional direct support professional who cares about the people she works with as well as their families. Jeannette has provided support to a sibling set on my caseload for over a decade and continues to help them to this day. She is caring, kind, and most importantly an advocate for the people we work with. Jeannette goes out of her way to help those in need, and it shows. We appreciate you, Jeannette!

Thank you for your outstanding contributions to helping people with developmental disabilities and their families in Medina County. Thank you for sharing your dedication and commitment to making a difference in the lives of others every single day.
