Wellbeing

Fostering a holistic approach that supports individuals throughout their lives.

1. Connect individuals and families with supports and resources for wellbeing.

1a. A comprehensive list of Medina County mental health providers was developed. Gaps and barriers for mental health services were individualized and no themes were identified.

1b. Existing material has been reviewed. Currently, material regarding transition from Early Intervention to SSA is being updated. Material for transition to adulthood is being streamlined. A guide to service and support administration for individuals and families is being developed as a resource.

1c. Trauma based and positive behavior support trainings for all agency staff was held on 3/6. Currently, working with Positive Behavior Supports to streamline information to provide consistent information to individuals and families.

2. Increase advocacy skills for individuals to utilize throughout their lives.

2a. Four trainings/mingles have been developed for the year and are held at various locations. The first two meetings have been held with the topic's "Recycling/Earth Day" (56 attended) and "Modified First Aid/CPR" (30 attended).

2b. A presentation was developed and shared to the SSA department on June 10. A presentation for individuals/families by the Medina County Board of Elections and the Secretary of State is being planned for the end of August/early September.

3. Expand the utilization of technology to promote independence and inclusion

3a. On site/on call and current remote support authorizations have been reviewed and team conversations are occurring where remote supports may be appropriate. A remote support and assistive technology decision tree has been developed. A contract has been implemented with ShiftAbility, an organization that will work with all stakeholders to potentially increase use of remote supports.

3b. A draft handout, "Remote Supports at a Glance," has been created and upon completion will be used by SSAs. More resources will be created, and a toolkit is being developed for SSAs to use when working with individuals and families.

3c. The request system process for assistive technology, "MyTurn," has been updated. The SSAs had a refresh training on 4/8 and it was introduced to school staff on 4/21. Seventeen accounts have been established.

4. Analyze sustainability of MCBDD services and supports.

4a. Superintendent and Assistant Superintendent have met with all Directors individually to discuss sustainability efforts and possible strategies. Superintendent and Assistant Superintendent are meeting with Business Director to discuss ideas/ strategies for future planning.

4b. Initial expense and revenue report regarding mandated and elective services were reviewed. Continuing to discuss possible scenarios for the next levy cycle. Ongoing monitoring of levy legislation. HB 420 is most concerning as it would eliminate continuing levies by 2030.

4c. A committee has been developed and is meeting monthly to review ISPs. Several themes have been identified including remote support services, utilization of services and service overlap.
